

Smarter skills. Stronger teams.

Uxcel helps teams master UX, PM, and AI skills in minutes a day, so they build smarter, lead better, and deliver real impact.

What's different about Uxcel

Built to drive real results

Uxcel replaces slow, ineffective training with flexible, habit-forming learning trusted by 200+ companies and 500,000+ professionals.

Traditional

- Low engagement, poor completion rates
- Months to see value
- Time-consuming, scattered content
- No retention or reinforcement
- Training as afterthought
- Static formats only

Uxcel

- 10x higher completion rates
- Immediate onboarding
- 5-minute lessons for busy schedules
- Gamified habit formation
- Role-based, results-driven
- Learn anywhere

Our mission

Smarter training built for modern teams

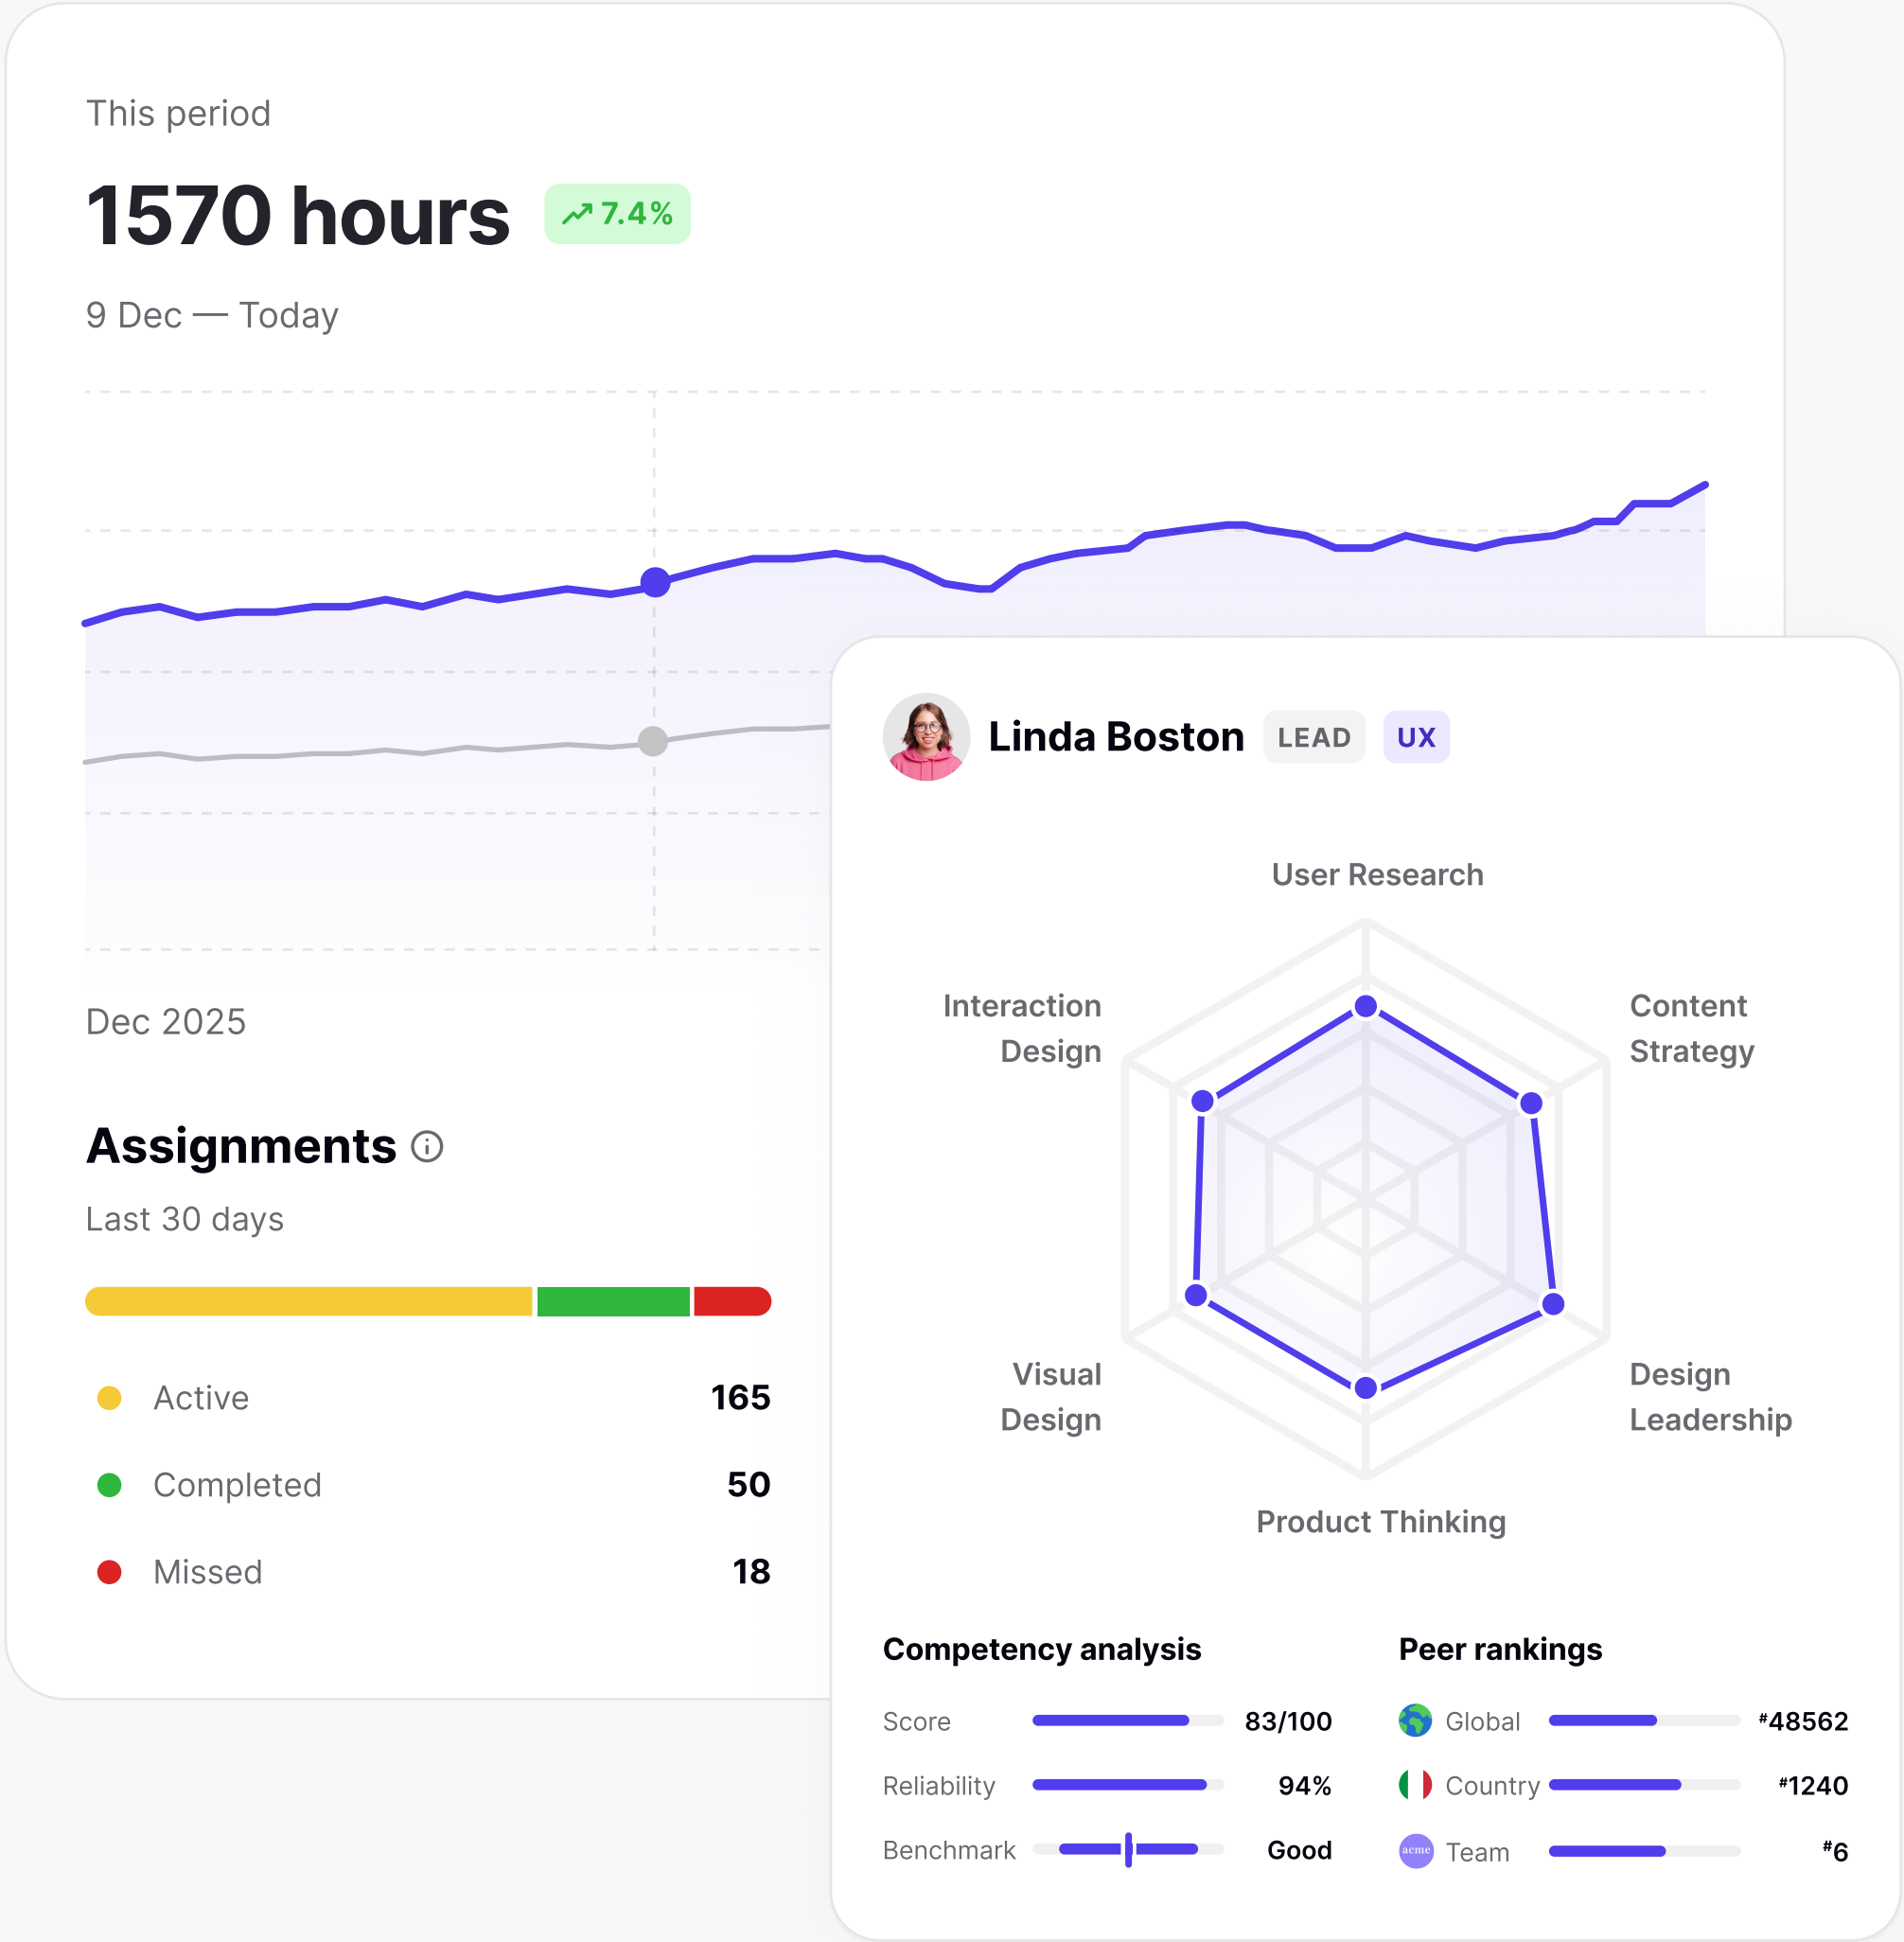

Gamified learning meets automated skill mapping. Our customers see remarkable skill growth in 30 days.

 **Engage** learners with gamified content

 **Assign** personalized development plans

 **Track** skills across your organization

 **Measure** ROI with real-time analytics

Cross-functional skill mapping

Map skills across your entire organization

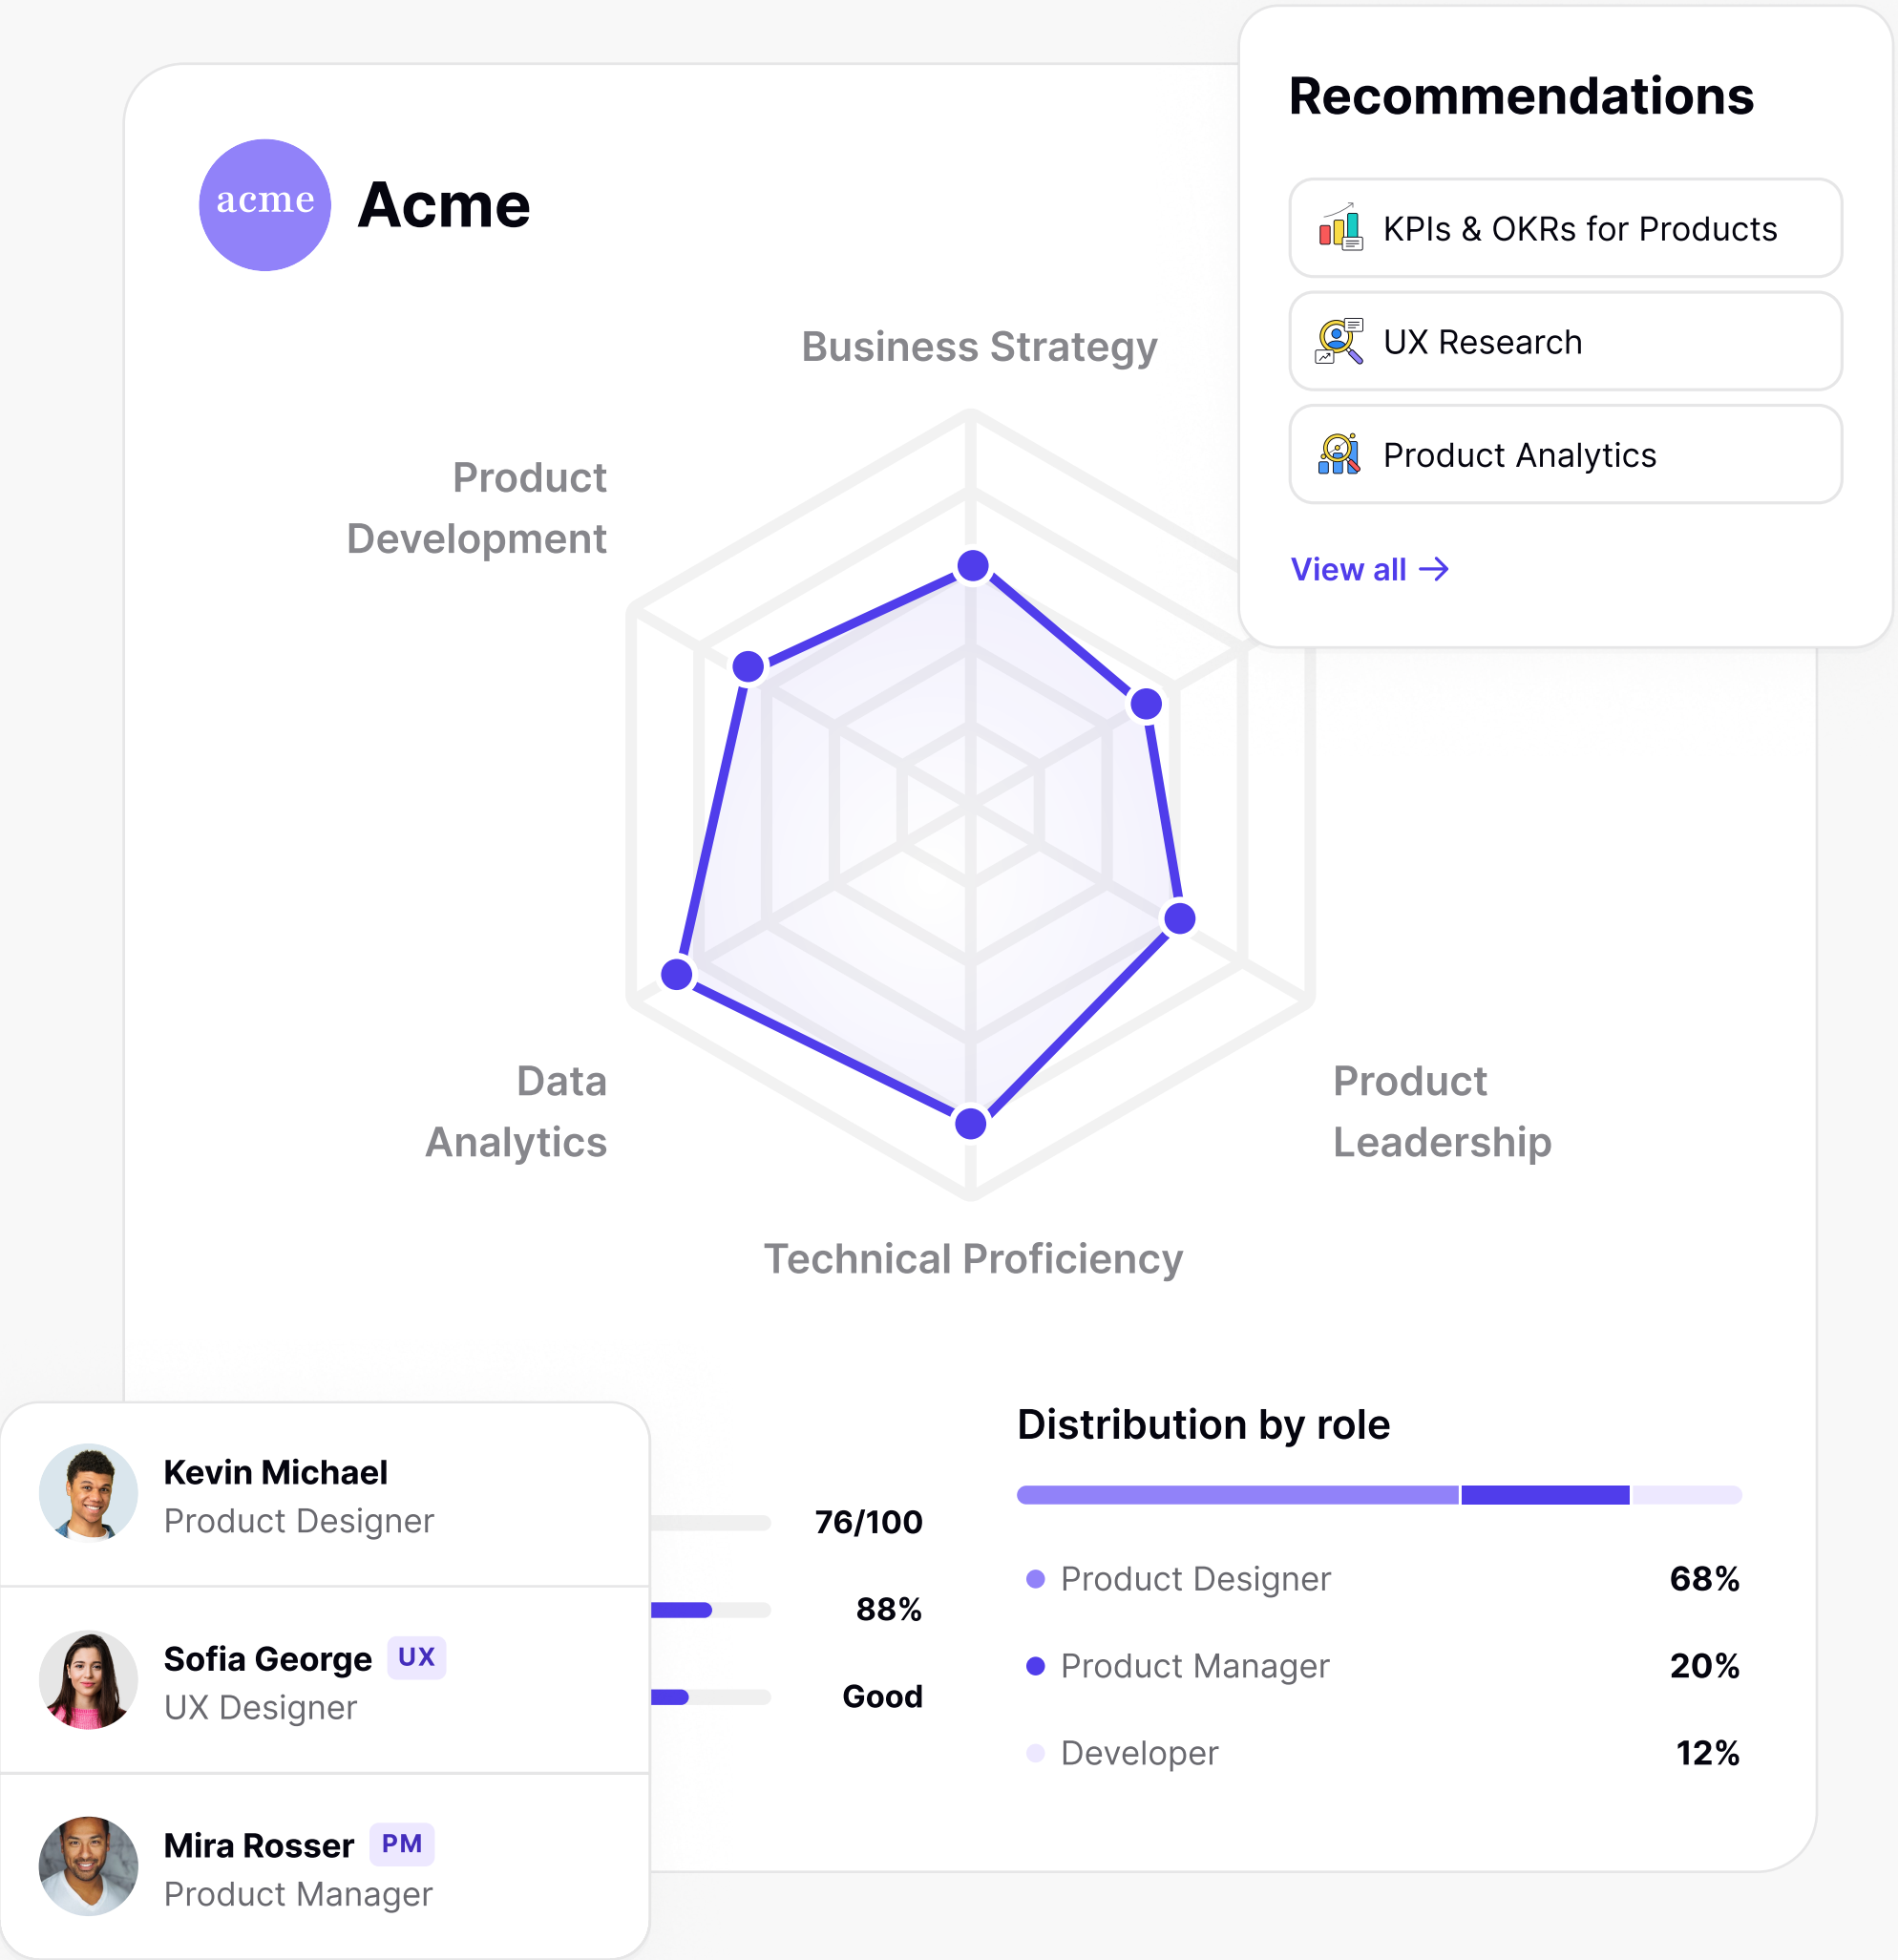

Get instant visibility into your team's capabilities. Identify skill gaps, track progress, and make data-driven decisions about training.

💡 **Discover** hidden expertise across teams

👤 **Connect** skills between departments

🕒 **Design** personalized learning paths

📋 **Build** data-driven team profiles

AI-powered learning

Learning that adapts to your organization

Personalizes design and product concepts for your context, with real-world examples and simplified explanations.

Smart content tailored to your expertise level

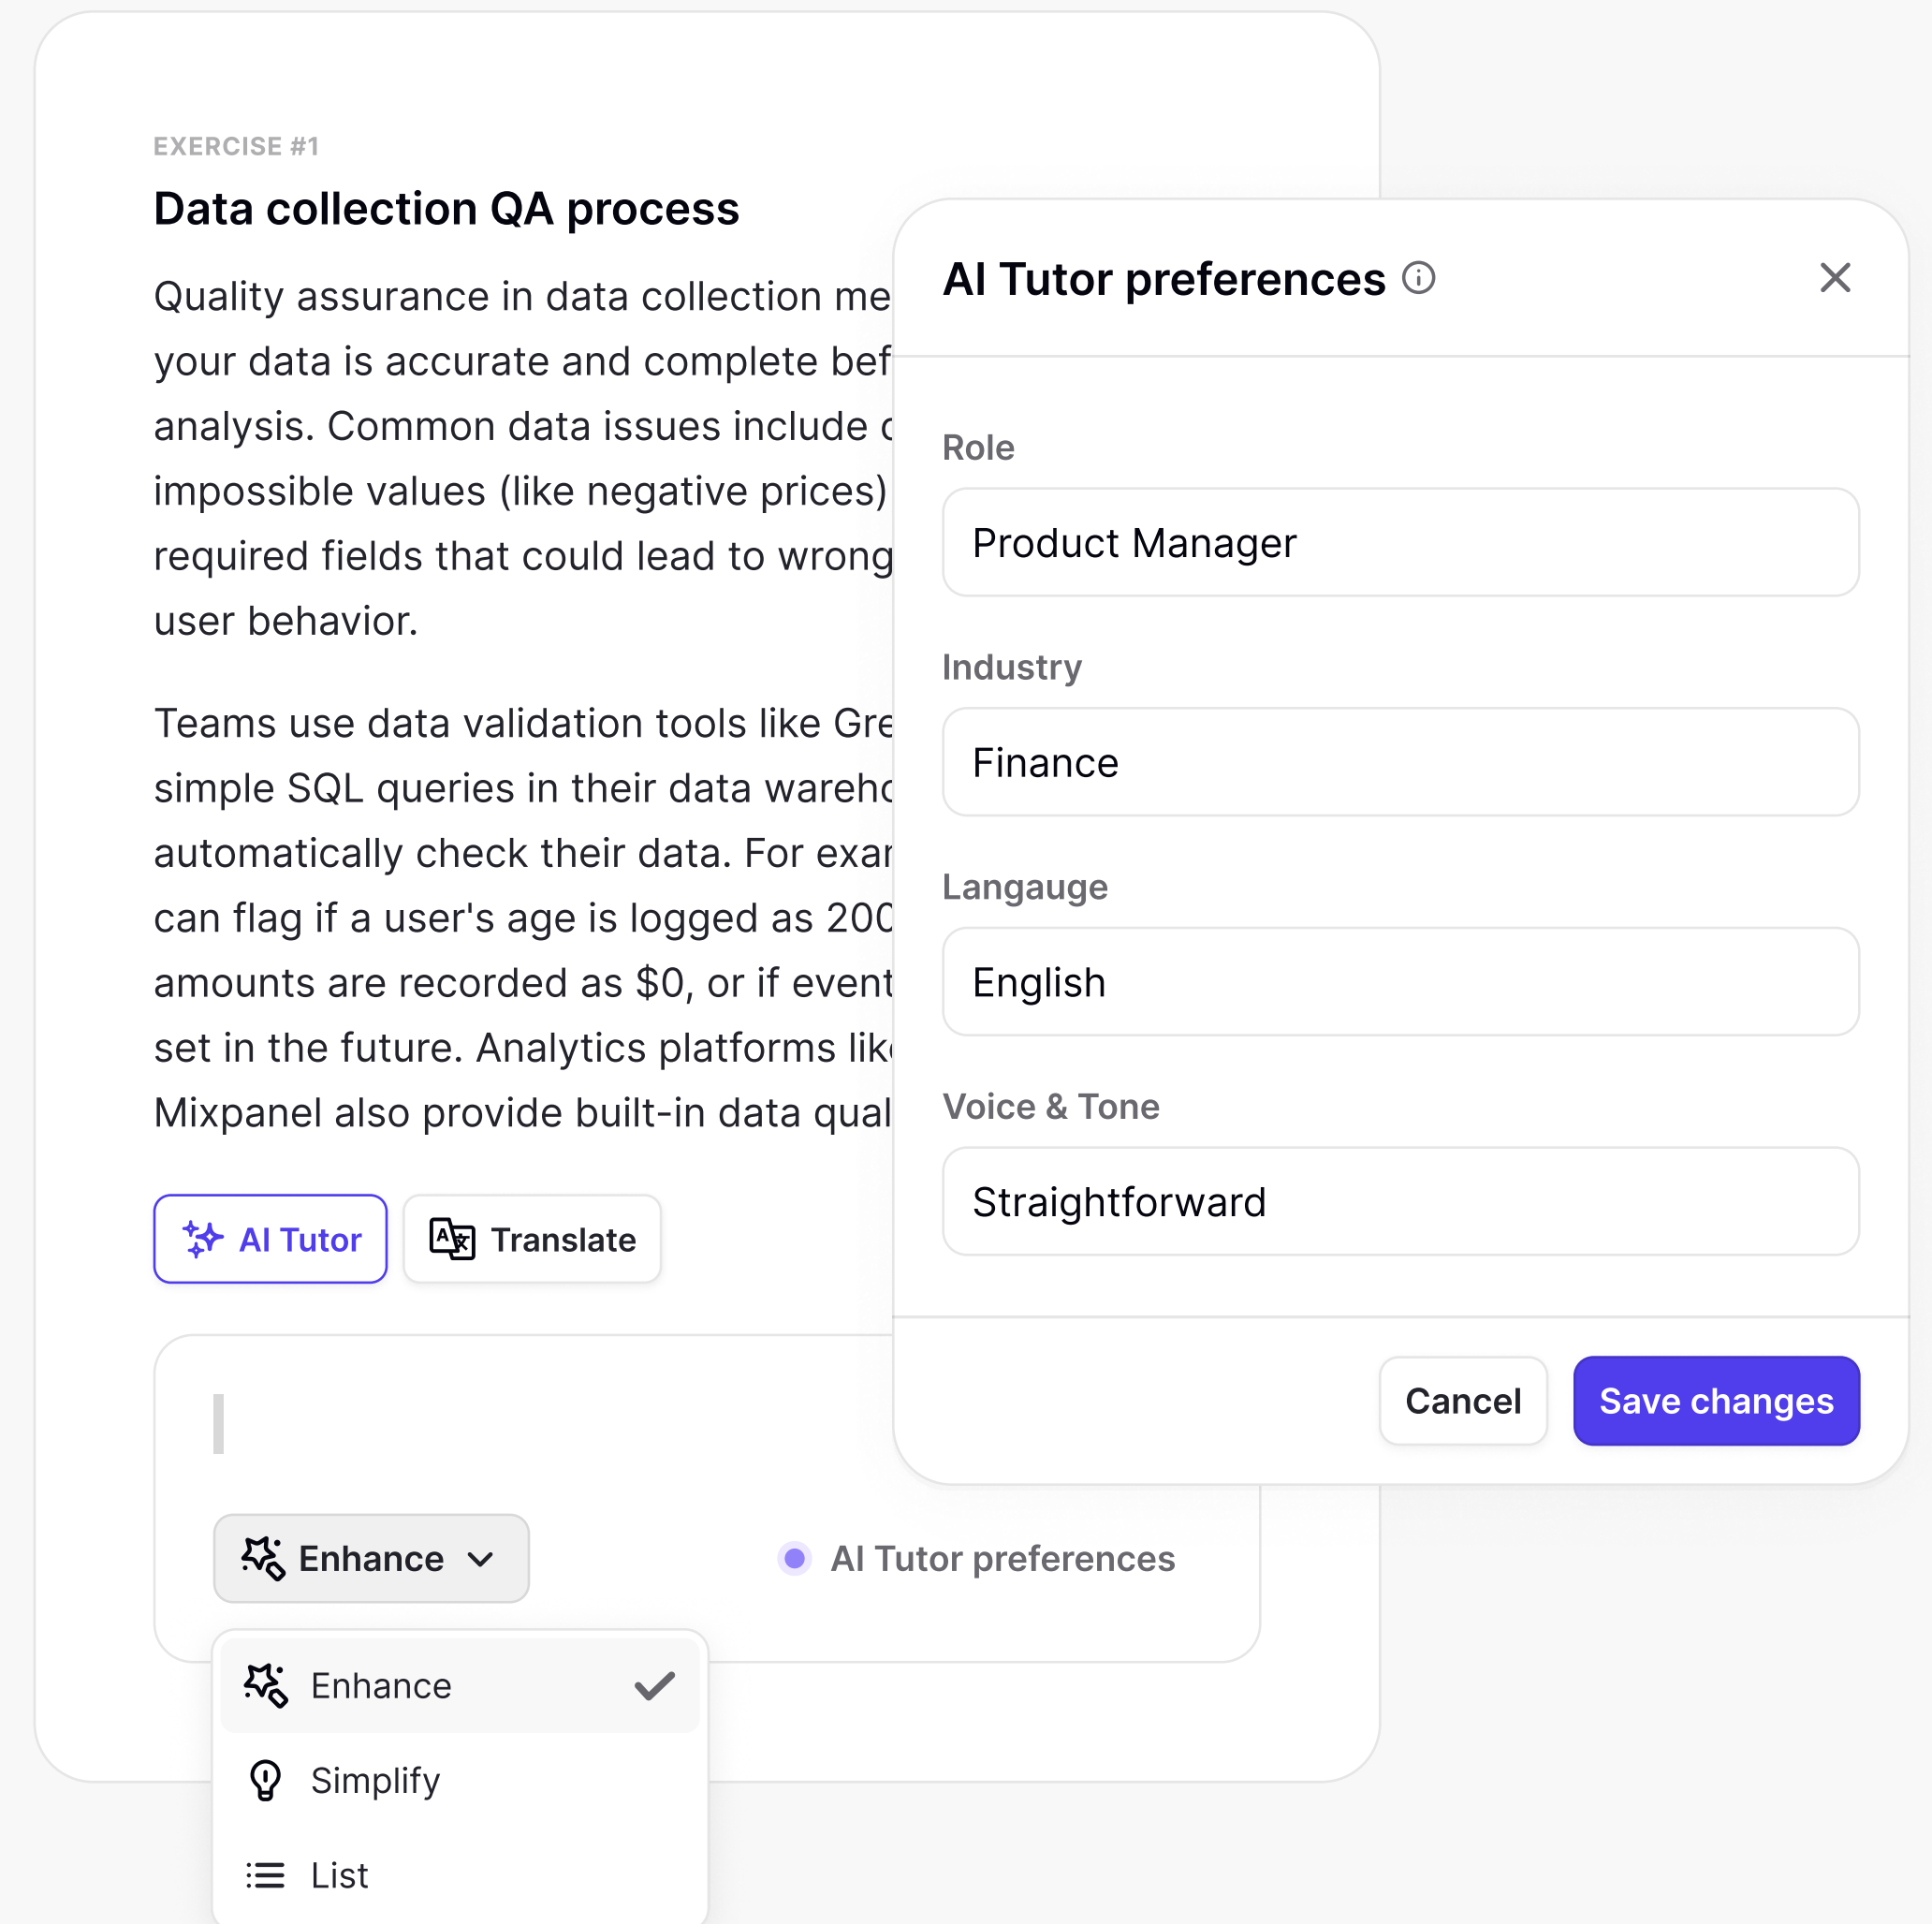

Role-based lessons for immediate relevance

Industry-specific examples and case studies

Speaks in the language of your choice

Bite-sized learning

Acquire skills faster & retain them longer

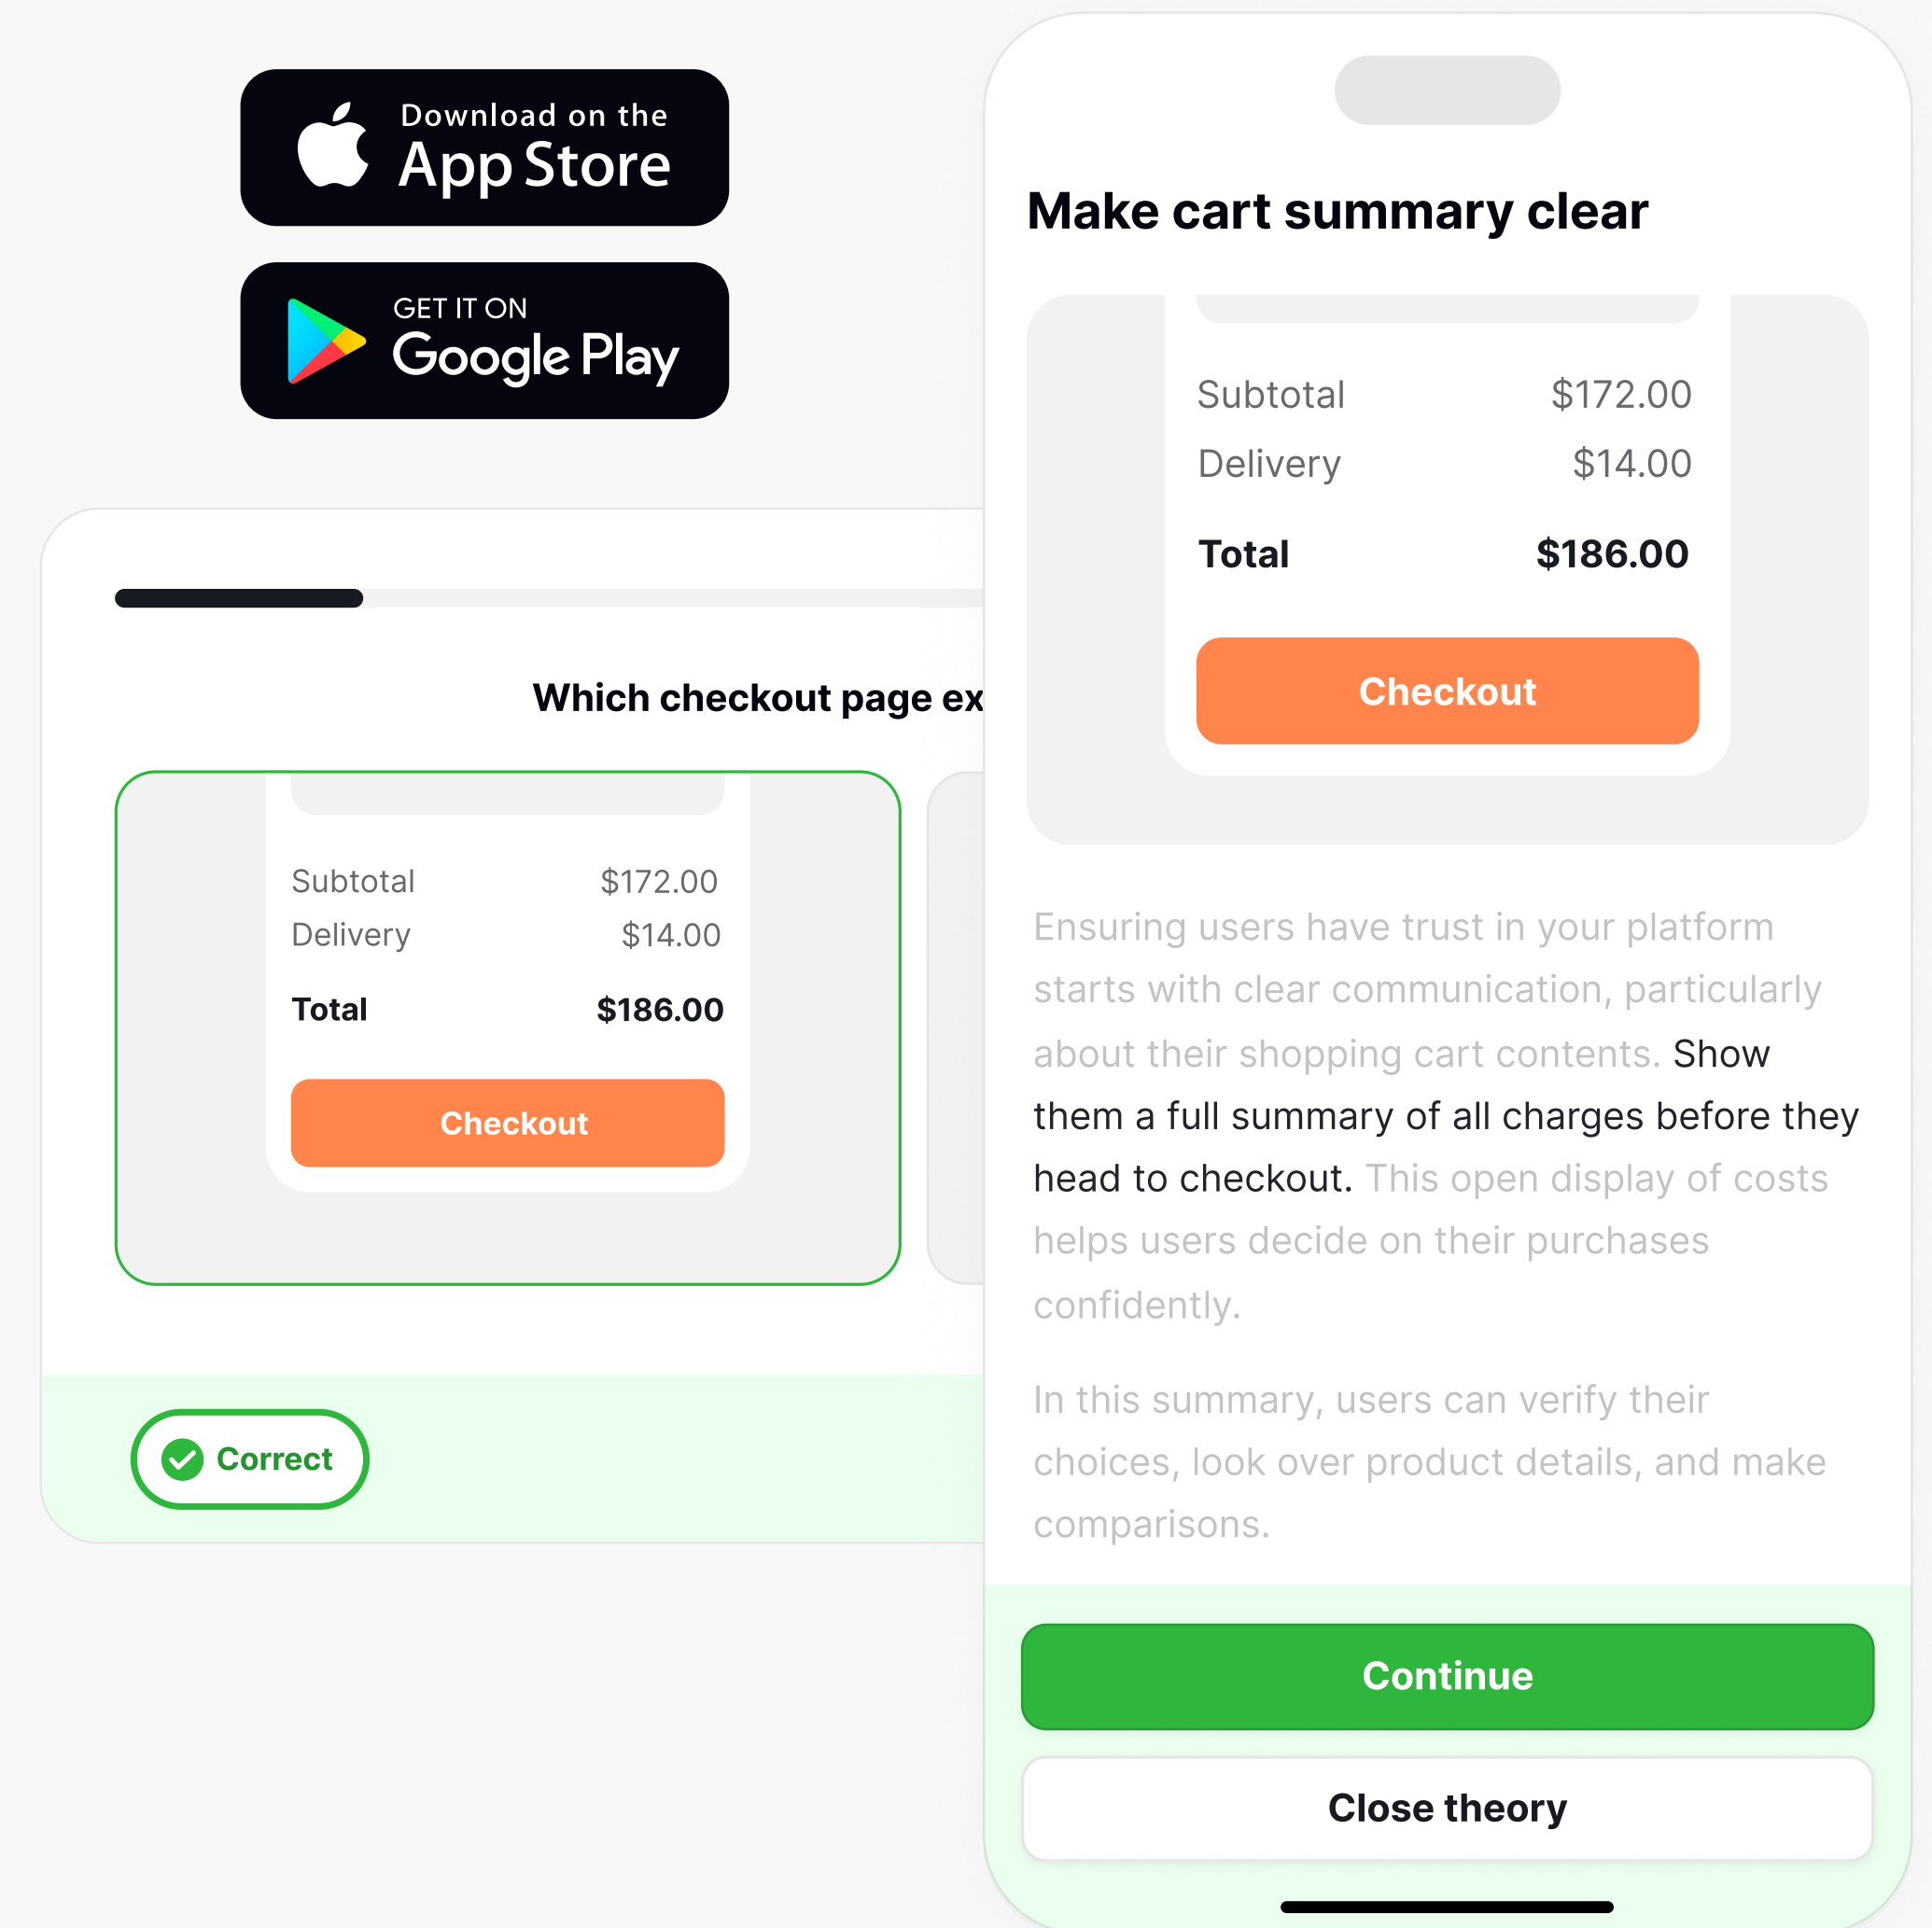

Learn in 5-minute daily sessions that fit your schedule. Our spaced repetition and gamification help knowledge stick 3x better than traditional training.

 **Interactive** gamified lessons that motivate

 **5-minute** sessions fit any schedule

 **Mobile-first** learn anywhere, anytime

 **Proven retention** with spaced repetition

We care about your safety
